TRAINING EQUIPMENT

Tackle Bags

Spartan tackle bags are a great solution for Rugby Union, Rugby League and Australian Rules Football.

The Spartan tackle bags have been used by many football clubs around Australia. Assembled in Australia using medium to higher density foam ensures your tackle bag provides medium impact, unlike mass produced imported tackle bags that have an over dense almost rock like impact when you hit the ground.

Using 950D to 1000D rip stop vinyl material ensures that the Spartan tackle bags offer a smooth surface and will last for season after season, without tearing or splitting. With 2 nylon webbed seat belt handles located on either side of the shield and an additional drag flap located at the bottom to prevent scuffing or tearing when dragged along the grass.

We can also arrange your club/school branded logo or sponsors.

Colour: red, black, blue or white
Size: 1.52m

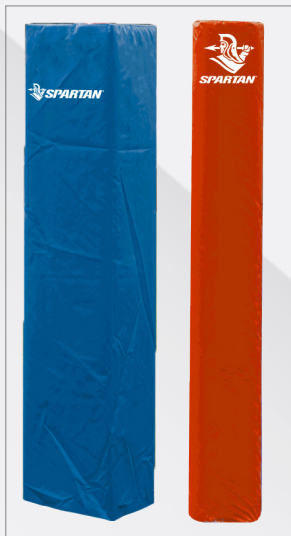

Hit Shields

This Spartan Hit Shield is the most practical used size and shape hit shield and is ideal for users including children from 9 years & over and adults up to 90 kg.

Extra tough and durable and a very versatile design, assembled in Australia, this hit shield is perfect for both personal and professional use and great for all sporting clubs and fitness training groups.

Heavy Duty Hit Shield Dimensions:
70 cm x 35 cm x 17 cm approx.
Colours; blue, black, red or white

Goal Post Pads

Set of 4 top quality Rugby League or Rugby Union football goal post pad protectors.

This high density impact absorbing foam covered in heavy duty rip stop vinyl material assembled in Australia, makes these corner post

pads extremely durable and able to withstand the highest level of rugby league or rugby union football activity. Safe protection for the football players against injury by absorbing much of the impact of any collisions.

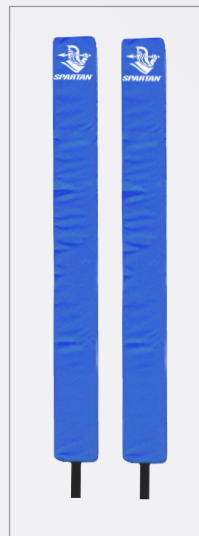

Club all school logos or sponsors can be customised and displayed.

Colours include;
Red, black, blue or white

Deluxe Ball Bag

- Heavy duty construction
- Great for large training sessions
- 900cm x 600cm diameter

Corner Post Pads

Set of 4 top quality Rugby League or Rugby Union football corner post pad protectors.

These high density impact absorbing foam covered in heavy duty rip stop vinyl material makes these corner post pads extra tough and durable. They are assembled in Australia and come with the highest product finishing to withstand the constant wearing. These provide

protection for the football players against injury by absorbing much of the impact of the corner posts. The corner post pads protectors do not include corner posts and are recommended to be used over the top of our Spartan Corner Posts Spikes Springs or over a PVC pipe or cardboard roll corner post for players safety.

Club all school logos or sponsors can be customised and displayed.

Colours include;
Red, black, blue or white

Spartan Sports Training Bibs

- Vests for Soccer, Rugby, Basketball, Cricket and Netball.
- A range of colours for all training purposes.
